

ZUSATZFLÜGEL

Damit Sie Ihren Ventilator optimal anpassen können, bieten wir für ausgesuchte Modelle eine Vielzahl von Austausch- und Zusatzflügeln an. Diese werden anstelle der Originalflügel geliefert.

Die Preise sind Aufpreise zum Deckenventilator. Je nach Modell besteht der Flügelsatz aus 3, 4 oder 5 gewichteten Flügeln, aus mehrschichtig verleimtem Hartholz, lackiert und imprägniert, oder aus Kunststoff mit und ohne Holzdekor.

Dekorative Naturflügel

Handgefertigte Flügel aus Naturmaterialien. Geeignet für mittelgroße Deckenventilatoren ($\varnothing = 132$ cm) der Serien CLASSIC ROYAL, CLASSIC FLAT III, CENTURION und ECO ELEMENTS.

Die Naturflügelsätze **Palme natur, Art.-Nr. 19901**, und **Rattan antik, Art.-Nr. 19902**, bestehen aus 5 handgearbeiteten Flügeln. Eventuelle Unregelmäßigkeiten ergeben sich durch das Naturmaterial und stellen keinen Mangel dar. Je nach Ventilator und Flügelsatz sinkt die geförderte Luftmenge naturgemäß um etwa 35 bis 50 Prozent.

ECO ELEMENTS 132 BA #513283 Farbe Lack braun antik, hier mit Flügeln **Palme natur #19901** und Flügelhaltern **FHN BA #19302**

Hinweis: aufgrund der unregelmäßigen Oberfläche von Palmflügeln reduziert sich die Lufteleistung gegenüber Holzflügeln der gleichen Größe erheblich!

Naturflügelsatz Palme natur #19901
handgearbeitet auf Stahldrahtrahmen gespannt und klarlackiert

Bitte **immer** den Flügelhaltersatz FHN (1 Satz = 5 Stück) in der passenden Gehäusefarbe mitbestellen!

Flügelhaltersatz FHN für Naturflügel
Messing antik = #19301, Braun antik = #19302,
Chrom gebürstet = #19303, Lack weiß = #19304
